Welcome to Indianapolis

AMERICAN SOCIETY OF PERIANESTHESIA NURSES
36th National Conference

ASPAN and the Indiana Society of Perianesthesia Nurses (INSPAN) are excited to welcome you to the historic racing capital of the world for the 36th National Conference April 30th – May 4th, 2017, at the JW Marriott in the heart of downtown Indianapolis. We encourage you to take time from your busy conference schedules to experience at least a few of the notable Indy sites that the city has to offer.

- Overlook the city skyline from atop the 284-foot tall Soldiers & Sailors Monument anchoring Monument Circle in the heart of the city. The Civil War museum is at the base of the monument; take note of the circle bordering the grounds - it’s the main reason why one of our city’s long standing nicknames is “The Circle City…”
- Just a block from the JW Marriott you’ll find the Canal Walk that is a great waterside promenade for runners, bikers and sightseers. You can also grab a friend and rent a pedal boat and explore the canal!
- A short ride away is the must-see Mass Ave Arts District. What locals affectionately call “Mass Ave” is a five-block area that is packed with theaters, top restaurants, art galleries and unique boutique shops. Whether you’re a foodie or a shop-till-you-drop person, Mass Ave should be on your to-do list.
- The Indianapolis Motor Speedway is known around the world. The motor speedway hosts the Indianapolis 500, the Brickyard 400 and the Moto GP race. Visitors can explore the rich history of the Indianapolis Motor Speedway and auto racing by visiting the IMS Museum. It is just five miles from downtown.
- Step back in time while visiting the Benjamin Harrison House on Delaware Street. Benjamin Harrison was the 23rd president of the United States, and his home is a National Historic Landmark.
- In the mood for something spicy? Head to the world famous St. Elmo’s Steakhouse to have their infamous shrimp cocktail voted by The Travel Channel as “The World’s Spiciest Food.” St. Elmo’s has exceptional food, drinks and Indianapolis hospitality.

April 30—May 4, 2017
JW Marriott Indianapolis
Indianapolis, Indiana

We welcome you to the Circle City and the Crossroads of America Enjoy the conference and your time in Indianapolis!
ASPAN's 36th National Conference, *Energizing Generations: The Race to Distinction*, is planned and designed with you in mind! The national conference will provide you the opportunity to network with peers, leaders and experts from diverse geographical and healthcare areas. You can also interact with leading industry vendor representatives to gain information and advice on new products and services for quality patient care.

**Outcome**
To enable the nurse to increase knowledge on clinical practice, standards and research.

**Target Audience**
All professional nurses.

**Overall Conference Objective**
Discuss current information on pathologies, therapies, techniques and standards which contribute to safe, quality patient care in the perianesthesia setting.

**Conference Evaluations and Certificates**
All conference evaluations and certificates will be completed online. Instructions will be included in your conference materials you receive onsite.

**Disclosure Statement**
All planners and presenters at nursing continuing education activities are required to disclose to the audience any significant financial relationships with the manufacturer(s) of any commercial products, goods or services. Such disclosures will be provided in the conference syllabus.

**Accreditation**
The American Society of PeriAnesthesia Nurses (ASPAN) is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation (ANCC-COA).

Additional ASPAN provider numbers: Alabama #ABNP0074; California Board of Registered Nursing Provider #CEP5197.

**Audio or Videotaping**
Audiotaping, videotaping or picture taking of any kind (camera, cell phone, tablet, etc.) of any portion of an ASPAN program is strictly prohibited.

---

**Reminder:**

ASPAN Has Gone Green

ASPAN has taken steps to make National Conference more environmentally friendly. Outlines will be available for downloading on the ASPAN Web site beginning April 24, 2017, through June 1, 2017. Attendees will have the capability to print all handouts or only the sessions that are of interest to them, or save to their devices.

Speakers who wish to provide copies of their presentations will have their presentations available on the ASPAN Web site starting April 24, 2017.

Please note: it is the individual speaker’s decision to allow ASPAN to post his or her PowerPoint presentation on ASPAN’s Web site. Not all PowerPoint presentations will be posted.

Registration Desk Open

7:30 AM – 8:00 AM
Preconference Registration

8:00 AM – 4:55 PM
$ Preconference Offering – Perianesthesia Certification Review
Certification exams in one’s specialty reflect the critical thinking and care given to the patient in all phases of anesthesia. This session will present key topics essential for preparing the perianesthesia nurse for taking the CPAN and CAPA certification examinations.
7.25 contact hours
Nancy Styczewski MSN RN CPAN CAPA

9:00 AM – 5:00 PM
Representative Assembly
The Representative Assembly, facilitated by President Katrina Bickerstaff, will meet for informal hearings during the morning to discuss questions, issues, and topics related to where ASPAN is today. The candidates for national office will also be presented.
The formal session will be held in the afternoon to conduct ASPAN business and determine ASPAN’s future. Attendee participation is key! While members of the Representative Assembly are required to attend, all are welcome.

9:00 AM – 11:00 AM
Representative Assembly Hearings

9:00 AM – 10:15 AM
Candidate Presentations

2:15 PM – 5:00 PM
Formal Session of the Representative Assembly

12:30 PM – 5:00 PM
(002) ABPANC Learning How to Write CPAN/CAPA Examination Questions – A Workshop
Are you a CPAN® and/or CAPA® certified nurse? Are you interested in being a part of the CPAN/CAPA exam development process? Do you want to showcase your commitment to foster excellence in perianesthesia nursing practice while increasing your own skill-set? Attend this free workshop, earn 4 contact hours, and learn how to write quality, reliable and valid exam questions. This is your opportunity to hone your writing and critical thinking skills, and write questions that may be considered for use on future CPAN/CAPA examinations. Previous experience with writing questions is NOT required! This workshop also provides opportunities for online mentoring, networking with colleagues from around the country regarding practice issues, and continual learning.

Once you have completed this workshop, you may earn up to 60 contact hours per recertification period for writing questions (2 contact hours per question). You must pre-register for this exciting workshop by emailing Philip Godlewski, ABPANC Program Associate, at abpanc@proexam.org or calling ABPANC directly at 800-622-7262, pressing 2. Registration is limited so please call NOW!

Please note: You must be either CPAN and/or CAPA certified to participate in this workshop. If you hold either the CPAN or CAPA credential and you are planning to sit for the other exam in the next 12 months, you are not permitted to participate in this workshop. In addition, anyone involved in examination review courses may not participate due to a possible conflict of interest.

12:30 PM – 2:00 PM
Hot Button Clinical Practice Issues in Perianesthesia Nursing
The ASPAN Clinical Practice Committee answers numerous questions each year submitted by members, non-members, and the public about perianesthesia nursing practice. This session will present the dominant perianesthesia issues submitted over the past year.

(DC) 1.5 contact hours
Diane Swintek MSN RN CPAN

12:15 PM – 2:15 PM
CPAN®/CAPA® Celebration Luncheon
Funny Is The New Serious: Changing Your Perspective to Produce Powerful Results
Why is everyone so serious? Just look around the average workplace and you’ll see most employees dealing with the stress of constant change, increased expectations, and having to do more with less. Well, the bad news is that those stressors are probably not going away any time soon. But the good news—the awesome news—is that there’s another way to approach them, another way that successfully removes the stress that accompanies these challenges—and transforms them into coping strategies that will have you laughing instead of loathing. Certified Speaking Professional David Glickman will teach you how Funny Is The New Serious. He will show you how by simply changing your perspective you will experience a profound way of handling whatever challenges life sends your way.

(IC) .75 contact hour
David Glickman CSP

*Only CPAN® and CAPA® certified nurses and formerly CPAN®/CAPA® certified nurses who are retired may register for this luncheon

12:00 PM – 1:30 PM

7:00 PM – 9:00 PM
Component Night 2017: From Hoops to Hotrods
Welcome to Hoosier Hysteria and the Greatest Spectacle in Racing! Component Night will be an evening of fun, laughter, and participation. Come dressed as your favorite NCAA sports team, player or racecar driver, compete at the hoops with fellow ASPAN members, or get your picture taken by the INDY car. You never know who will show up for that special photo-op. Hoosier hospitality is abundant and ready to make your night memorable.

During the evening of racing and competition, you will connect with old friends and make new ones. You are invited to participate in the various activities as well as dance the night away. There will be food and a cash bar to supplement your evening enjoyment. Ladies and gentlemen, start your engines and be ready for the impact of perianesthesia nurses pushing the limits to the finish line!

Marcus Engel’s session will remind attendees of the vital role they play in the healing process of patients. This discussion details the experience of a young patient during hospitalization, the care and compassion shown by healthcare professionals and the importance of healthcare professionals to be safe, secure, and appreciated in their role within this sacred field. You will also come away with an understanding of each patient’s and coworker’s individuality, unique differences, and appreciation for the role every healthcare employee plays in the healing of patients and their families. The patient and family experience is absolutely vital in quality, competent healthcare.

(System) 1.5 contact hours
Marcus Engel
2:15 PM – 4:45 PM
(007) ASPAN's 2017-2018 Perianesthesia Nursing Standards, Practice Recommendations and Interpretive Statements – What’s New!
This session will present the evolution of ASPAN’s Standards and the current process for creating new Practice Recommendations and/or Position Statements. Also included will be the development of trended clinical practice concerns into updated Standards that are in need of further clarification or additional evidence to support perianesthesia practice.
(IC) 2.5 contact hours
Jacque Crosson MSN RN CPAN

(008) Peer Review: Contributing to the Advancement of Nursing Science
This session will present an overview of the peer review process and information on how you can become an expert peer reviewer.

3:45 PM – 4:45 PM
(009) Certification Coaching: The Art of Mentorship
Do you want to learn more about inspiring excellence and developing others? Being a successful coach to certification candidates requires mentoring, communication and leadership skills. Such skills also apply to the role that a certified nurse plays in their workplace environment. A coach, serving as a leader/mentor, can also play a vital role in encouraging not yet certified colleagues who are interested in certification to achieve their goal. The Certification Coach Program offered by ABPANC, serves as a structured means to engage perianesthesia nurses to speak passionately about CPAN®/CAPA® certification.

(022) Perianesthesia Nursing: Our Future is Now
As the current active workforce in perianesthesia nursing is shrinking, committed leadership must explore innovative methodologies to recruit young, novice nurses into the specialty. Critical thinking applies to seasoned nurses with experiential knowledge, and to the newest generation of nurses with new possibilities and perspectives.

Maureen Iacono BSN RN CPAN

11:30 AM – 12:00 PM
Postconference Registration

12:00 PM – 4:30 PM
$ Postconference – Foundations of Pediatric Perianesthesia Care
This session will present key concepts for caring for the pediatric perianesthesia patient.

4.0 contact hours
Kim Kraft MSN RN CPAN CAPA

---

12:15 PM – 1:45 PM
(019) Celebrate Successful Perianesthesia Practices Oral Presentations (Session 2)
This session will present selected successful practices, their implementation and results.

(IC) 1.5 contact hours

(020) Perianesthesia Research/EBP Oral Presentations
This session will present selected research studies and the results.

(IC) 1.5 contact hours

12:00 PM – 1:30 PM
ABPANC Certification Coach Forum (by invitation only)

12:00 PM – 1:30 PM
(021) Meeting the Needs of Patients: Nuts and Bolts of CPAN/CAPA Certification – Using Effective Test-Taking Strategies!
This session provides information about the CPAN and CAPA examination registration and testing experience aimed at reducing test-taking anxiety and overcoming fear of failure. You will learn about strategies to enhance your test-taking ability for any examination, including the CPAN and CAPA certification examinations. Tips for designing a study plan using the test blueprint, which is built on the needs of perianesthesia patients, will be provided.

(IC) 1.5 contact hours
Annette Brancati RN CPAN, Celeste Jones-Lyon MHA MBA BSN RN CAPA FACHE, Cidalia Vital MS RN CNL CPAN and Vicki Yfantis MSN RN CRNP CPAN

2:15 PM – 5:00 PM
Concurrent Tracks
See pages 12-13 for schedule and descriptions

7:00 PM – 9:00 PM
President’s Reception
You are all invited to join ASPAN President Katrina Bickerstaff and ASPAN leaders in a celebration of the success and achievements of the past year. All conference participants are invited to attend! Enjoy a variety of music and dance the night away! Come dressed in your favorite style of “party attire.” See you there!
## Concurrent Sessions

## Detailed Course Descriptions

**Tuesday, May 2, 2017**

### 9:00 AM – 10:15 AM

#### #101 Local Anesthesia Systemic Toxicity and Lipid Rescue

This session presents the history of local anesthesia and complications using a case study approach. The treatment of local anesthesia systemic toxicity will also be presented.

*(DC) 1.25 contact hours
Laura Yantz MSN MPH RN CPAN*

#### #201 Breathing Easy or Not…Post Postoperative Pulmonary Complications

Postoperative pulmonary complications (PPC) are common following anesthesia and operative procedures. Over the years, various risk factors have been identified that are predictive of PPC. This presentation will review the risk factors and the most recent evidence surrounding those risk factors and implications for care in the perianesthesia setting.

*(DC) 1.25 contact hours
Michelle Levay BSN RN CPN and Donna Voldan BSN RN CAPA*

#### #301 Legal Implications: Practicing in Shades of Gray in Your Perianesthesia Practice

Patients are at risk for developing complications after anesthesia and invasive procedures. This session will present diverse perianesthesia case studies where patients have experienced postoperative life or limb threatening events. Legal implications will be critiqued with how their postanesthesia nurses became vulnerable practicing in “shades of gray.”

*(IC) 1.25 contact hours
Myra Mamaril MS RN CPAN CAPA FAAN*

#### #401 Perianesthesia Implications for Pediatric Patients with Mitochondrial Disease (MD), Glycogen Storage Disease (GSD), and Seizures in the Perioperative Setting

This session will present the pathophysiology of the pediatric patient with mitochondrial disease (MD) and glycogen storage disease (GSD). Children placed on a ketogenic diet to control focal seizures will also be presented. Perianesthesia implications in relation to GSD, MD, and ketogenic diet will also be presented.

*(DC) 1.25 contact hours
Michelle Levay BSN RN CPN and Donna Voldan BSN RN CAPA*

#### #501 Integrating Best Practice for Vascular Access in the Perianesthesia Unit

Perianesthesia nurses need to integrate the standards for infusion therapy into current practice as evidence-based therapy for venous access in daily practice. This session will present the infusion therapy standards.

*(IC) 1.25 contact hours
Antoinette Zito MSN RN CPAN and Amy Berardinelli DNP RN CPAN*

#### #601 Beyond the Preop Doors: Use of Digital Media for Family Updates

Many challenges are encountered when attempting to provide optimal communication with families during the perioperative period. This session will present techniques employed by a children's hospital to improve patient/family satisfaction, and nurse and physician satisfaction, through the use of enhanced electronic communication methods during the perioperative journey including during surgery.

*(IC) 1.25 contact hours
Terri Passig BSN RN CCRN CPAN CAPA and Kevin J. de la Roza MD*

### 10:30 AM - 11:45 AM

#### #102 Antiplatelet and Direct Thrombin Inhibitors: The Impact on the Perianesthesia Setting

This session will present the action, complications, and possible reversal nature of both antiplatelet medications and direct thrombin inhibitors. Illustrations of impact of these pharmacological agents in each phase of the perianesthesia setting will be covered.

*(DC) 1.25 contact hours
Angela Collins-Yoder PhD RN CNS ACNS-BC*

#### #202 Postoperative Urinary Retention: What’s So Special About It?

Postoperative urinary retention (POUR) can result in permanent bladder damage for the perianesthesia patient. Recent literature describes the importance of assessing risk and promoting bladder function throughout the perianesthesia care continuum. This session will present risk factors, associated sequelae of POUR, and management options.

*(DC) 1.25 contact hours
Denise O’Brien DNP RN ACNS-BC CPAN CAPA FAAN*

#### #302 The Pros and Cons of Marijuana’s Impact on Healthcare

Marijuana use is becoming more prevalent today and its use has an impact on healthcare. Many patients who have surgery use marijuana both recreationally and for pain management, and are being treated in our perianesthesia arena. It is important for the nurse caring for these patients to have an awareness of the impact marijuana has on anesthesia and pain management.

*(DC) 1.25 contact hours
Lois Schick MN MBA RN CPAN CAPA FAAN*

#### #402 Coordination of Care: Preparing “Sensational Kids” for Surgery

Evidence-based research shows that children with special needs, including sensory differences, experience increased anxiety, and may manifest as maladaptive coping behaviors of pediatric patients. These behaviors have put the safety and satisfaction of the patient and care team at risk. This session will present important strategies for coordinating care and preparing “Sensational Kids” for surgery.

*(IC) 1.25 contact hours
Myra Mamaril MS RN CPAN CAPA FAAN*

#### #502 Implementation of Collaborative Skin Assessment Protocol to Prevent Hospital Acquired Pressure Ulcers

This session will present the crucial role of communication and collaboration between the operating room and the postanesthesia care unit nurses in performing an immediate postoperative skin assessment. A proven skin protocol which provides a collaborative assessment when a hospital acquired pressure ulcer or surgical acquired ulcer is detected will be presented.

*(IC) 1.25 contact hours
Linda Minnich BSN RN CPAN and Heather Crowder BSN RN ONC*

#### #602 Baby Got Back: Caring for the Perianesthesia Nurse

This session will present the etiology of musculoskeletal injuries acquired pressure ulcer or surgical acquired ulcer is detected will be presented.

*(IC) 1.25 contact hours
Mary Rachel Romero MSN RN CPAN CAPA*
2:15 PM – 3:30 PM

### #103 Individualized Peri-anaesthesia Care for Patients with Behavioral Health Disorders

Inadequate behavioral health support for patients receiving care on other medical units has been highlighted nationally as a patient safety concern, and individualized care for these patients across the peri-anaesthesia setting is critical both for patient and caregiver safety. This session will present the basics of behavioral health management prior to and following surgery, as well as communication and de-escalation techniques that can be used to deliver safe care.

(ICC) 1.25 contact hours

*CaroPehotrosky DNP RN CPAN ACNS-BC and James Pehortsy BSN RN-BC*

### #203 Tune Up with ERAS: A Return to Old Thinking?

Enhanced recovery after surgery (ERAS) is an interdisciplinary, multi-modal approach to preparing patients for anesthesia & surgery. ERAS has been found to foster earlier discharge and improve patient quality of life. This session will present the physiologic rationales for ERAS.

(ICC) 1.25 contact hours

*Kim Noble PhD RN ACNS-AG CPAN*

### #303 The Critical Role of Peri-anaesthesia Nurses in the National Opioid Crisis

This session will present the major causes of the crisis using national statistics from the Drug Enforcement Agency as well as the routine work of narcotics agents in identifying and treating those most vulnerable, and the critical role peri-anaesthesia nurses need to play to protect the public from addiction.

(ICC) 1.25 contact hours

*Kathleen Deleskey DNP RN CNE FJBI*

### #403 I Am a Patient Too...Caring for the LGBT Population

This session will present the healthcare needs of the lesbian, gay, bisexual and transgender population as well as skills to overcome barriers when providing care for these patients.

(ICC) 1.25 contact hours

*Mary Rachel Romero MSN RN CPAN CAPA*

### #503 Preoperative Evaluation and Optimization

The preparation of a patient for a surgical procedure should be focused on evidence based medicine and use the various available risk assessment tools to guide preoperative optimization. All lab testing, medical or specialty evaluations should be based on guideline-directed medical therapy.

(ICC) 1.25 contact hours

*Steven Herling DO*

### #603 Peer Evaluation vs. Peer Review through Case Studies

This session will present the process for peer-to-peer nursing review. In nursing, it is the process by which practicing registered nurses systematically assess, monitor, and make judgments about quality of nursing care provided by peers as measured against professional standards of practice.

(ICC) 1.25 contact hours

*Antoinette Zito MSN RN CPAN and Amy Berardinelli DNP RN CPAN*

3:45 PM – 5:00 PM

### #104 Dealing with Compartment Syndrome

Compartment syndrome occurs when a fixed compartment becomes subject to increased pressure leading to ischemia and organ dysfunction. To avoid morbidities, the nurse must identify and treat compartment syndrome in a timely fashion.

(ICC) 1.25 contact hours

*Lois Schick MN MBA RN CPAN CAPA*

### #204 Infection Prevention: It’s All About the Bugs

This session will present the physiologic rationales for infection prevention. In addition, current “bugs” in the news and ones that are on the horizon will also be presented.

(ICC) 1.25 contact hours

*Sheryl Michelson MS RN BC*

### #304 OSA: From Recommendation to Practice: One Facility’s Journey

This session will present the ASPAN Obstructive Sleep Apnea (OSA) Practice Recommendations and then an example of how one community hospital interpreted those recommendations to enhance care provided to this specific population.

(ICC) 1.25 contact hours

*Misty Russell BSN RN CPAN and Cindy Buller ASN RN*

### #404 Are You Prepared to Manage Specialty Trauma Populations?

Trauma injuries significantly affect the specialty populations often seen in the pediatric, geriatric and pregnant patients. Their healthcare problems lead to complex psychological trauma, increased financial burden, and the long-term medical costs for rehabilitation. This session will present the epidemiology of these trauma patients, risk factors related to the developmental ages, unique anatomic and physiologic differences that directly affect the optimal management and survivability and symptoms of life threatening events so the peri-anaesthesia nurse can intervene effectively for positive patient outcomes.

(ICC) 1.25 contact hours

*Lois Schick MN MBA RN CPAN CAPA*

### #504 Enhanced Recovery: Surgical Protocols Aren’t What They Used to Be

This session will present how one hospital formed a multidisciplinary team to adopt, implement, and sustain enhanced recovery after surgery protocols for elective colorectal surgeries with the goal of improving patient outcomes, particularly decreasing length of stay. The process to collect real time data to monitor for compliance and to make improvements will also be presented.

(ICC) 1.25 contact hours

*Shelton Viny MD FACS, Joseph G. Brooks MD, Michael Kahler BSN RN CNOR, Susana Dominguez BSN RN, Trina Mora BSN RN CPAN CAPA and Hallie Hart BSN RN*

### #604 Review and Analysis of a Fractured Hip Program Five Years After Implementation: Are We Headed in the Right Direction?

This session will present five years of data on a fractured hip program, outlining complication rates, length of stay, readmission rates and the effects of a preemptive multi-modal pain therapy utilizing continuous nerve blocks inserted preemptively in the emergency room. Due to the higher surgery risks, developed renal, respiratory and delirium risk protocols will be outlined with the attention focused on decreasing some of the postoperative complications from hip fractures.

(ICC) 1.25 contact hours

*Linda Minnich BSN RN CPAN and Heather Crowder BSN RN ONC*
Wednesday, May 3, 2017

9:00 AM – 10:15 AM

#105 EBP and Research: It’s Not Finished Until It’s Disseminated
Conducting evidence-based practice (EBP) and research studies is critical to the advancement of nursing practice and safe, quality patient care. Conducting the project, however, is just the first step of the process. This session will present the last critical step of dissemination via poster, podium, or publication technique. (IC) 1.25 contact hours
Jan Odam Forren PhD RN CPAN FAAN, Valliere Hooper PhD RN CPAN FAAN, and Denise O’Brien DNP RN ACNS-BC CPAN CAPA FAAN

#205 Managing Perianesthesia Emergencies: What Happens When It All Goes Wrong?
Perianesthesia patients emerging from anesthesia who have had surgical or interventional procedures may experience unexpected or deteriorating conditions in the postanesthesia care unit. This session will present how to effectively use critical thinking skills and recognize signs and symptoms of life-threatening events, and intervene quickly and effectively for positive patient outcomes. (DC) 1.25 contact hours
Melanie Chichester BSN RNC-OB CPLC

#305 Perioperative Cardiac Risk Stratification: The Heart of the Matter
Many patients undergoing major noncardiac surgery are at risk for a perioperative cardiovascular event. The risk is related to patient- and surgery-specific characteristics. Identification of increased risk provides the patient and healthcare team with information to better understand the benefit-to-risk ratio of a procedure and may lead to interventions that decrease risk. (DC) 1.25 contact hours
Maureen McLaughlin MS RN ACNS-BC CPAN CAPA

#405 A Just Culture: Is It Punititive or Accountability?
This session will present the “just culture” concept for handling errors which teaches us to shift our attention from retrospective judgment of others, to focus on the severity of the outcome, to real-time evaluation of behavior choices in a rational and organized manner. (IC) 1.25 contact hours
Dina Krenzlichek PhD RN CPAN CFRE FAAN

#505 PACU: Put All You Can In the PACU!
With increasing patient acuity and shortages of inpatient resources, postanesthesia care units (PACUs) are frequently asked and expected to provide extended care for patients who are awaiting bed availability in a critical care area or inpatient medical-surgical units. Many PACUs are challenged with developing and ensuring nurse competency for these low-volume/high-risk patients. This session will present critical care essentials for the care of this complex patient population, including mechanical ventilation, hemodynamic monitoring and vasopressor medication management. Orientation, ongoing competency assessment, and management strategies for the overflow patient will also be presented. (DC) 1.25 contact hours
Maureen McLaughlin MS RN ACNS-BC CPAN CAPA

#605 More than Meets the Eye: The Pregnant Perianesthesia Patient
The pregnant patient has physiological changes that can alter the nursing assessment, planning, and implementation of nursing care pre and postanesthesia. This session will present evidence-based care of the pregnant woman undergoing surgical procedures such as a D & C for early pregnancy loss, cerclage, ovarian cystectomy, appendectomy, and cholecystectomy. (DC) 1.25 contact hours
Melanie Chichester BSN RNC-OB CPLC

10:30 AM – 11:45 AM

#106 Perianesthesia Nurses on the Front Line: Findings from the ASPAN Fatigue, Safety, and Work Environment (FaST) Study
This session will present the findings from the ASPAN Fatigue, Safety and Work Environment (FaST) Study. The science on fatigue and safety will be presented along with the implications for perianesthesia nurses. (IC) 1.25 contact hours
Jackie Ross PhD RN CPAN and Daphne Stannard PhD RN-BC CNS

#206 Surgery and Substance Use: Toward a Standard of Care
Substance use and substance use disorder are increasing in prevalence and have numerous effects on surgical patients during the perianesthesia period, however, resources and standards of care to manage patients who use substances remain elusive. This session will present the burden of substance use in perianesthesia patients, existing and emerging resources for managing patients who use substances, and ideas for developing an evidence-based standard of care to enable perianesthesia nurses to better manage this population along the entire surgical continuum. (DC) 1.25 contact hours
Ruth Pack MSN RN CNL

#306 Perioperative Stroke: Think FAST!
Perioperative stroke after non-cardiac, non-neurological procedures is more common than generally acknowledged and is an important cause of morbidity and mortality in the postoperative patient. Recognition of an acute stroke is difficult to recognize in the postoperative patient, and requires swift action to achieve optimal outcomes. (DC) 1.25 contact hours
Brenda Jahnke MSN RN CNS

#406 Attitude is a Choice: Attitude is Everything
Attitude effects the workplace like no other factor. Attitude is a choice, and a good attitude must be a basic requirement for everyone. This session will present the types of attitudes that lead to a poor work environment and a nonproductive team. (IC) 1.25 contact hours
Veronica Peterson MSN RN NE-BC CNOR

#506 Learning from Errors: Clinical Cases and Critical Analysis
This session will present challenging clinical cases using case studies. The focus of the case studies include medication errors, failure to assess, failure to rescue, and documentation gaps. Each case study will be dissected, looking at precipitating and contributing factors and identifying opportunities for improvement. (DC) 1.25 contact hours
Maureen McLaughlin MS RN ACNS-BC CPAN CAPA

#606 Back to Basics: What PACU Nurses Need to Know When Recovering a Woman after Cesarean Delivery
Perianesthesia nurses may regularly recover women after cesarean delivery, or only encounter this patient population on rare occasions. Even experienced nurses may not always feel up-to-date with current care practices of this patient population. This session will present evidence-based basic cesarean recovery, assessment/interventions for potential complications, and implementation of skin-to-skin care for the neonate in PACU. (DC) 1.25 contact hours
Melanie Chichester BSN RNC-OB CPLC
#107 Nurse Scientist: Ignite Your Research Passion
This session will present the next steps once a gap in the literature has been identified and how to begin the clinical research process. Hypothesis construction, choosing outcome measures, sample size calculations, building the research team, and how to use Deming’s Plan, Do, Study, Act (PDSA) model as a guide to construct and complete your research study.

(ICC) 1.25 contact hours
Elizabeth Card MSN APRN FNP-BC CPAN CCRP

#207 Expect the Unexpected: Not So Common Postoperative Complications
This session will present several unexpected complications that can occur during even the most common surgical procedure. Topics that will be presented include systemic air embolism, bone cement implantation syndrome, residual neuromuscular blockade, neurological deficit and surgical fire.

(DC) 1.25 contact hours
Maureen McLaughlin MS RN ACNS-BC CPAN CAPA

#307 Oxygen in PACU – Too Much of a Good Thing?
Is there such a thing as too much oxygen in the PACU? This session will present the physiology of hypoxia and the role of oxygen in the recovery from anesthesia. The current evidence that should guide the use of oxygen in the postanesthesia period will also be presented.

(DC) 1.25 contact hours
Nancy Strzyzewski MSN RN CPAN CAPA

#407 Improving Satisfaction Scores in Perianesthesia Areas: Don’t Forget the Patient and Family
This session will present the benefits of patient and family centered care practices during perianesthesia care. Techniques to engage patients and families in activities that promote improved care and satisfaction, as well as common challenges will be presented.

(ICC) 1.25 contact hours
Kim Wirth BSN RN

#507 Empowered by Innovation: New Hospital — New Perianesthesia Care Model
Opening a new hospital provided a unique opportunity for innovation and design of a new perianesthesia care model. Planning and implementation included recruitment and onboarding qualified nursing staff as well as the integration of a new workflow strategy. Nursing staff competency was developed to provide patient care in all areas of perianesthesia services including preadmission, day of surgery, postanesthesia phase I and phase II recovery.

(ICC) 1.25 contact hours
Vickie Henry MSN RN CPAN and JoAnne Sehr MSN RN

#607 Obstructive Shock: Cardiac Tamponade – Would You Know What to Do?
This session will present the pathophysiology and the causes and symptoms of cardiac tamponade. The medical and nursing management for cardiac tamponade will also be presented.

(DC) 1.25 contact hours
Wanda Rodriguez MA RN CCRN CPAN

#108 Ready, Set, Go: Assuring the Right Measurement Tool for Your Study
This session will present how to select reliable measurement tools for nursing research and evidence-based practice projects. This overview will include quantitative and qualitative research methodologies.

(ICC) 1.25 contact hours
Ellen Poole PhD RN CPAN CNE

#208 Do No Harm: Exploring the Ethical Challenges in Perianesthesia Nursing
Perianesthesia nurses frequently encounter ethically challenging cases both preoperatively and postoperatively. Case examples include patients with increased mortalities scheduled for elective surgery, patients with a do-not-resuscitate order scheduled for non-emergent surgery, cardiac valve repair for the heroin-addicted, and life-saving endeavors in the confused elderly. This session will present ethical principles and challenges as well as strategies for the best outcome for the patient, the family and the nurse.

(ICC) 1.25 contact hours
Maureen McLaughlin MS RN ACNS-BC CPAN CAPA

#308 Meeting the Perianesthesia Care Needs of the Parkinson’s Disease Patient
Parkinson’s disease is the second most common neurodegenerative disorder that affects patients 60 years of age and older. This presentation will describe the pathophysiology of the disease, common medical and surgical treatments, and issues with anesthesia. Patient care priorities during the perianesthesia period will also be discussed.

(DC) 1.25 contact hours
Nancy Strzyzewski MSN RN CPAN CAPA

#408 Critical Elements in Perianesthesia Staffing
This session will present the complexities involved in caring for phase I postanesthesia patients and the challenges of staffing to meet OR demands while maintaining patient safety. Current methods of calculating productivity involve hours per patient day or patient volume in lieu of utilizing acuity based staffing. By defining critical elements which encompass patient complexity, the perianesthesia nurse will be better able to determine when it is safe to accept care of an additional patient.

(DC) 1.25 contact hours
Jacque Crosson MSN RN CPAN and Richard Fleeger MSN RN CSSM

#508 Implementation of New Graduate Nurse Program in the Perianesthesia Unit
As the number of experienced perianesthesia nurses has diminished, newly graduated nurses are being recruited to fill vacancies. These “millennial” nurses require a different type of orientation other than the traditional orientation process with experienced medical-surgical nurses.

(ICC) 1.25 contact hours
Kathleen Frato MSN RN CAPA

#608 The Multifaceted Challenges of Caring for a Microvascular Free Flap Head and Neck Perianesthesia Patient
This session will present the stages of microvascular technique of free flap, its artery and vein transfer and its anastomosis to the receiver site. The anesthetic approach, causes, signs and symptoms of flap failure as well as the postoperative nursing and medical management will be presented.

(DC) 1.25 contact hours
Wanda Rodriguez MA RN CCRN CPAN
Registration Information

If you are attending the Dream Walk:
1. Complete the National Conference registration form on page 24 and mark the box for Dream Walk.
2. Include a $25.00 early bird registration fee, per participant, to reserve your spot.
3. Mail your National Conference registration form with your check (made payable to ASPAN) or credit card information.
4. Once you have approached family, friends, and colleagues and collected your pledges, send them with the Sponsor Form to ASPAN’s National Office. Contributions will also be accepted at the event.

If you are unable to attend the Walk, but want to participate:
1. Recruit your sponsors.
2. Enclose your completed Sponsor Form along with the pledges you have collected.
3. Mail your Sponsor Form and contributions to the National Office by March 1.

22nd Annual
DreamWalk

Sunday, April 30, 2017

Help support ASPAN by participating in the annual Dream Walk. This a great way to support ASPAN, meet fellow members, and enjoy some exercise early Sunday morning. The 2017 Dream Walk will take participants on a scenic route of Indianapolis that originates from the hotel.

Encourage family, friends, and colleagues to sponsor your efforts, and use the Sponsor Form (at right) to record their level of support. ASPAN components will again compete for the greatest number of registered participants and for total money raised. Additionally, the “Dream Walker” award will be given to the individual recruiting the most sponsor dollars.

The money raised from the event is used to fund the following ASPAN programs:

SCHOLARSHIPS
• to pursue advanced degrees
• to achieve certification
• to pursue educational opportunities
• to support leadership development
• to support humanitarian missions

AWARDS
• to recognize nursing achievements
• to reward individual accomplishments

PUBLIC AWARENESS AND EDUCATION
• to provide public education campaigns
• to promote public recognition and awareness
HELP US REACH OUR GOAL OF $100 MINIMUM PER PARTICIPANT!

**Total Contact Hours = 7.25**

**Description:** Certification exams in one’s specialty reflect the critical thinking and care given to the patient in all phases of anesthesia. This session will present key topics essential for preparing the perianesthesia nurse for taking the CPAN and CAPA certification examinations

**Target Audience:** All perianesthesia nurses

**Outcome:** To enable the nurse to demonstrate knowledge and effective test taking techniques in order to improve success on the perianesthesia certification exam

**Overall Program Objective:** Discuss key topics essential for preparation for both perianesthesia certification exams
Postconference Offering

FOUNDATIONS OF PEDIATRIC PERIANESTHESIA CARE
Kim Kraft MSN RN CPAN CAPA

Thursday, May 4, 2017

AGENDA

11:30 AM – 12:00 PM
Registration

12:00 PM – 1:00 PM
Pediatric Preoperative Preparation & Pediatric Assessment (1.0 DC)

1:00 PM – 3:00 PM
Pediatric Anesthesia (2.0 DC)

3:00 PM – 3:15 PM
Break

3:15 PM – 4:15 PM
Postanesthesia Care and Potential Complications (1.0 DC)

4:15 PM – 4:30 PM
Evaluations

Total Contact Hours = 4.0

Description: This session will present key concepts for caring for the pediatric perianesthesia patient

Target Audience: All perianesthesia nurses

Outcome: To enable the nurse to increase knowledge in the care of the pediatric perianesthesia patient

Overall Program Objective: Discuss age-specific care for the pediatric perianesthesia patient

PRECONFERENCES & POSTCONFERENCE ACCREDITATION

American Society of PeriAnesthesia Nurses (ASPA) is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation.

Additional provider numbers: Alabama #ABNP0074; California #CEP5197.

DISCLOSURE STATEMENT

All planners and presenters at nursing continuing education activities are required to disclose to the audience any significant financial relationships with the manufacturer(s) of any commercial products, goods, services. Such disclosures will be made in writing in the course presentation materials.

Hotel and Travel Information

HOTEL ACCOMMODATIONS AND CONFERENCE LOCATION

The JW Marriott Indianapolis is the conference hotel for ASPAN’s 36th National Conference and it offers the perfect location for your visit to Indianapolis.

MAKING YOUR HOTEL RESERVATION

A personalized Web site for the ASPAN National Conference occurring April 27, 2017 – May 5, 2017 has been created for you. Making your room reservation is quick and easy. Visit the ASPAN website at www.aspan.org and click on the reservation link on the ASPAN Conference page or visit https://aws.passkey.com/go/2017ASPA.

You will need to provide a credit card for a one night room and tax guarantee. If for some reason you need to cancel your reservation, your deposit is fully refundable up to 48 hours prior to your check-in date.

In order to receive the special ASPAN room rate of $199.00 single/double per night please make reservations by Tuesday, April 1, 2017. All rooms are subject to availability, so book early.

JW Marriott Indianapolis
10 S. West Street
Indianapolis, IN 46204
Reservations Toll Free: 1-866-704-6162
Reservations Local Phone: 1-877-303-0104

AIR TRAVEL

Traveling to the conference by air? The Indianapolis International Airport (IND) is conveniently located near downtown Indianapolis and serviced by all major air carriers.

GROUND TRANSPORTATION

Go Express Shuttle can take you to the JW Marriott Indianapolis. To view rates and information visit the Go Express Airport Shuttle website at www.goexpressstravel.com or please call 800.589.6004 for other suggestions visit the airport website at www.indianapolisairport.com.
General Information

Attire
Business attire is appropriate for the 36th National Conference in Indianapolis, IN, including all educational sessions, exhibits, breakfasts, and luncheons. Dressy attire is requested for the President’s Reception on Wednesday, May 3rd. Casual wear is expected for Component Night. May in Indianapolis brings an average high of 69 degrees and an average low of 44 degrees. ***As a reminder: the meeting rooms will be set at 68 degrees. Please dress in layers just in case you get hot or cold.

Ticketed Seating
Seating for all educational sessions will be ticketed and is on a first come, first served basis. You are encouraged to register early for those sessions you wish to attend. You must present your tickets when you arrive at each event. No one without a ticket will be admitted. If you are late for a session you may lose your seat.

Volunteers Needed
Host/Hostess
If you wish to volunteer while at the National Conference you can become a host/hostess. Contact Grace Walke at 317-626-4598 or gleonne@comcast.net. You will be compensated for your work as a host/hostess.

Session Moderator
If you want to know more about becoming a moderator, contact Laura Kling at 412-610-4162 or lakrnmsn@comcast.net.

Certification Information
Conference participants are encouraged to stop by the CPAN® and CAPA® Certification Booth, located in the Exhibit Hall. CPAN® and CAPA® ribbons and buttons are available here. Members of the ABPANC Board of Directors and staff are available to answer all your questions about CPAN® and CAPA® certification, how to recertify, and becoming a Certification Coach! In addition, tips for marketing your certification to patients, families, and your employers are available. Visit the ABPANC Store for its many CPAN® and CAPA® certification-related products that can also be purchased here.

Members of the ABPANC Board of Directors also offer sessions throughout the week about a myriad of certification topics, each building on why become certified, what you need to know about the process for applying, how to study, dealing with the fear of failure, and finding a coach to support you during the certification journey. The certification lectures are often scheduled during lunch time and you are welcome to bring your lunch to the meeting room. Look for ABPANC sponsored sessions Sunday-Wednesday.

CPAN® and CAPA® certified nurses are invited to register for the annual Certification Celebration Luncheon, being held on Monday. Former CPAN® and CAPA® certified nurses who have retired may also register for the luncheon!

Room Sharing
Will You Need a Roommate at National Conference?
Are you looking for a way to come to conference, but don’t have anyone with whom to share a hotel room? Not a problem! Simply submit your name to be included on the "Willingness to Share a Room" list. The room sharing list will be distributed to all those who have asked to be included. It will then be your responsibility to directly contact others on the list to coordinate room sharing arrangements and make your own hotel reservation.

The following information is required in order to be included on the list: Your full name, complete mailing address, email address, home and work telephone numbers, and fax number, if applicable. Please indicate how you would prefer to be contacted. Provide any information which will help you and a potential roommate determine compatibility. All information must be received no later than February 1st. The list will be distributed in the middle of February.

Please mail or email your request to:
Carol Matthews
11101 Moss Drive
Carmel, IN 46033
Email: cannmatthew@aol.com

The hotel room reservation deadline at the JW Marriott Indianapolis is April 1, 2017. Reservations made beyond this date are based upon a space and rate availability basis only.

For Special Assistance

CANCELLATION POLICY: All requests for cancellation must be made in writing. All monies paid, with the exception of a 25% administrative fee, will be refunded provided the notice of cancellation is received two weeks prior to the start date of conference (April 16, 2017). No refunds will be provided less than two weeks prior to the start date of conference.

Attendance at ASPAN programs and events constitutes consent to be photographed for use in print and/or electronic publicity for ASPAN.

WEB LINK TO ACCESS THE CONFERENCE SYLLABUS

Please see the email confirmation that was sent to the email address that we have on file for you. This confirmation letter will contain the link for the syllabus online.

COMPLETE BOTH SIDES OF FORM OR IT WILL BE RETURNED TO YOU WITHOUT PROCESSING.
IF FAXING REGISTRATION TO ASPAN, FAX BOTH SIDES OF FORM TO COMPLETE YOUR REGISTRATION.

CONCURRENT SESSION SELECTIONS

TICKETS WILL BE ISSUED FOR CONCURRENT SESSIONS.

To assist in scheduling rooms of appropriate size and having your tickets ahead of time, please indicate below the session you wish to attend for each concurrent session time selection. If your first choice is not available, you will be placed in your second choice. Based on the preferences of registrants, the most popular sessions will be assigned to the largest rooms.

For session numbers, refer to the concurrent session grid on pages 12-13 or the session descriptions on pages 14-17. PLEASE USE SESSION NUMBERS.

If your requested sessions are not available, you will be contacted by mail to choose an alternate session.

This is a preliminary brochure and speakers, sessions and events are subject to change.
